J- first, congrats on the boys state championship! Awesome job Bears!!!

I'm looking at sched for the days I'm in Juneau - there are a number of worthy events that Rhonda has commented on...since I can't make these rural-oriented events that week she is welcome and encouraged to go in my place. Pls make sure she's aware of the details of these invitations. There are so many events all over the state these summer months, I really want our office represented at as many events all around the state as possible, not just in Juneau and Anchorage.

For Rhonda's consideration this week to represent me, there's the Holy Cross event, the RurAL CAP event, Sealaska's event, and Chenega's event... plus others. Pls pass on to her.

Also, events like Friday's big VFW event- I won't be back for it in Anchorage but want to make sure someone is there representing me.

There are big events all over and I want to make sure we have someone at as many of them - esp the big ones - as possible.

Attending as many as poss allows us to touch base w many communities and constituents as we seek boards and commission members also, as we seek community priority input, etc. If I can't be there pls run these invites by the LtGov so he's given the opportunity to attend also. Thanks

Governor-

Just an FYI – AG Colberg interviewed with Channel 2 about same sex marriages. Also, the Daily News is going to publish the budget op ed on Tuesday. The editors chopped about half of the op ed saying most of the info had been covered in news stories. After much debate, Frank Gerjevic agreed to reinstate a good portion of it. I haven't seen the final version yet.

Thanks

Subject: Re: Creamery

Okay, I've been doing some research. Apparently there was an invitation from USDA to attend their agricu breakfast meeting yesterday that the delegation attended. In eddition there was an invite that Jenice rec'd emailed us on a ribbon cutting for the creamery but that it was noted that it was not the "official" event, enc more formal, organized event would take place in the fall. I completely blew over that one, and I apologize. However, it doesn't sound like the Board knew about it at all. I believe that USDA was involved in orchestı this. Again, my apologies for the oversight.

Subject: Jack Wheeler piece

Thought you might want to see this. It's a short piece from Jack Wheeler "to the point" report.

One politician deserving of HFR praise this week is Alaska governor Sarah Palin. To get an idea of what a hero she is, here's the demonizing headline of today's (5/23) London Times: Protecting Polar Bear Gets In The Way of Drilling For Oil Says Governor. She actually has the guts to sue the Federales for ludicrously listing polar bears as "threatened" when their population is exploding.

The whole entire purpose of the phony listing is to use the fascist Endangered Species Act (ESA) as a rationale to prevent oil drilling - and Gov. Pallin is exposing it. As columnist George Will notes, with this polar bear ruling, the enviro-fascists are now in a position to use the ESA to regulate anything.

So let's all toast Governor Sarah - not only the hottest governor in the US, but also the gutsiest. No wonder a lot of folks want her to be McCain's running-mate.

Mike
